Saurabh Rai

Aspiring AI & ML Engineer

Aspiring AI & ML professional seeking opportunities to leverage hands-on experience in machine learning, deep learning, and data science to contribute to innovative projects.

EDUCATION

Graduation

Manav Rachna University

2023 – Present | CGPA: 7.5/10

Senior Secondary (12th Std)

SS Public School, Gopalganj

2023 | Percentage: 76%

Secondary (10th Std)

SS Public School, Gopalganj

2021 | Percentage: 72%

INTERNSHIPS

Machine Learning Intern

Prodigy InfoTech | July 2025, Remote

- Built ML models using Regression, K-Means, SVM, and CNN for diverse data science tasks.
- Performed data preprocessing and model evaluation using Python, NumPy, Pandas, and Scikit-learn.

CERTIFICATIONS

- Design Thinking: A Primer - NPTEL, 2025
- Machine Learning Essentials - MRU, 2024
- Full Stack Development - MRU, 2024

SKILLS

Programming Languages: Python, JavaScript, SQL

ML/AI: Regression, K-Means, SVM, Deep Learning, CNN

Frameworks: TensorFlow, Keras, Scikit-learn

Tools: VS Code, Colab, Jupyter, Git

Others: Data Preprocessing, Problem Solving

PROJECTS

Real-Time Skin Cancer Detection System (2025)

- Trained CNN model to classify skin lesions as benign or malignant for early cancer detection.
- Developed interactive Streamlit web interface for real-time image upload and prediction.
- **Technologies: Python, TensorFlow, Keras, CNN, Streamlit**

BeanCloud – Coffee Ordering Web App (2024)

- Built responsive coffee ordering web app using React.js with component-based architecture.
- **Technologies: React.js, JavaScript, HTML5, CSS3**

ACHIEVEMENTS

Volunteer Lead – Blood Donation Camp, 2024
